

SAUERREISEN

ENVIRONMENTALLY FRIENDLY LINE OF PRODUCTS

Bio-Preferred:

Bio-Preferred designation of ConoFlex 381 according to USDA standards for a composition high in renewable materials.

No VOCs:

(Volatile Organic Compounds) or *HAPs* (Hazardous Air Pollutants) among SewerGard and FibreCrete epoxy linings.

USDA Compliance:

Compliance with *USDA standards of use in Federally inspected meat & poultry plants* for ConoCrete flooring and ConoGlaze coatings.

NSF Standard 61:

Certification for ConoFlex 381.61 for safe exposure to potable water.

Asbestos-Free:

Historic Sauereisen inorganic formulations such as Acidproof Concrete No. 54, Corrosion Resistant Mortar No. 65, Chemical Resistant Castable No. 35, and F-100 Grout have been *Asbestos-Free* since inception.
